## **Town of Carefree Mayor Speaks to Home Owner Associations**

*Mayor Les Peterson Addresses Future Sustainability*

CAREFREE, Ariz. (September 25, 2017) – The Mayor of Carefree, Les Peterson, will be scheduling meetings with local HOA's to strengthen communication lines between residents and the Town of Carefree about the exciting new projects happening within the town limits. The Mayor will be calling HOA representatives to schedule meetings starting in October and running through March. All meetings will include a formal presentation along with Q and A immediately following.

"I genuinely feel it is necessary to share information regarding the progress we are making with residents, and to meet face-to-face to discuss these projects about how we are building a sustainable future for generations to come. Carefree is a jewel and we all want to preserve its beauty while making it viable and sustainable," shared Mayor Peterson.

Over \$90 million of private funds has been invested in Carefree within the past year, including the Bashas' and Historic Spanish Village renovations, the new CIVANA Wellness Resort ownership at the Carefree Resort, and the recently approved new luxury apartment homes in the downtown core. These all translate into long term financial sustainability for the Town, quality businesses and better services for residents and the creation of a vibrant community in the downtown area.

The Mayor encourages any group to invite him to meet for a productive dialogue. Please contact him at [Mayor@Carefree.org](mailto:Mayor@Carefree.org) or call the Town Hall 480-488-3686.
