

CITIZEN'S GUIDE

Dear Resident:

We hope that you will find this Citizen's Guide helpful and informative. We have tried to include answers to the most often asked questions about zoning, building codes, Town ordinances, miscellaneous items of information, and a smattering of history and statistics.

We all moved to Carefree for many of the same reasons: the natural beauty of the Sonoran Desert; the peacefulness and tranquility we have found here; the wonderful mountain views; the lovely climate; the quail, coyotes, javelinas, birds, lizards, deer, and the many other creatures that live among us; the one to five acre homesites; no traffic congestion; and strict zoning regulations to protect and enhance our property values. You won't find another place quite like Carefree.

If you have any questions or suggestions, the staff welcomes your call.

SERVICES AND REGULATIONS

MAPS

Zoning maps of the Town of Carefree may be purchased at the Town Hall Administrative Office, 8 Sundial Circle. Area maps can also be obtained from the Chamber of Commerce and local real estate offices and at the Town Hall Administrative Office.

VOTER REGISTRATION

Voter registration is handled by mail-in forms. Forms are available at Town Hall or by contacting the Maricopa County Elections Department at 602-506-1511 or <https://www.azsos.gov/elections/voting-election/register-vote-or-update-your-current-voter-information>.

TAXES

The Town of Carefree levies no property tax. Nevertheless, Town residents pay property taxes to several jurisdictions. Most taxing jurisdictions have two rates, a primary and a secondary rate. Primary rates pay for operational expenses. Secondary rates pay for bonded indebtedness and capital improvement projects.

The tax rate is levied on each \$100 of assessed value. The assessed value is a percentage of market value, as established by the Maricopa County Assessor. Information on your assessed value may be obtained from the Maricopa County Tax Assessor 602-506-3406.

LOCAL SALES TAX

The Town of Carefree levies a 3% sales tax on all retail sales including advertising (excluding the sale of food) and contracting conducted within the Town. The sales tax on major construction contracting and speculative building is 4%. Effective January, 2014, Carefree assesses a three percent (3%) use tax for out of state, untaxed purchases over \$1,000.00. The use tax removes this competitive advantage that internet based businesses may have over current and future local businesses by applying a uniform local tax rate. Internet purchases under \$1,000.00 as well as items such as prescription drugs are exempt from the use tax.

All businesses must apply for a Transaction Privilege Tax Permit from the town in order to legally conduct business within the town limits. The Arizona Department of Revenue is the tax collecting agent for the Town. All sales tax payments are remitted to the Department of Revenue who then returns to Carefree their share. For further information, please contact the Town Clerk at 480-488-3686. (<http://www.azdor.gov/>) or to pay (<http://www.aztaxes.gov>)

CEMETERY

On April 4, 2000, Carefree accepted the deed to the Cave Creek Cemetery from the disbanded Cave Creek Improvement Association. The cemetery is two and one half acres located just

south of Cave Creek Road on the east side of Pima Road. There are several restrictions regarding purchase and use of plots. Call the Town Hall Administrative Office 480-488-3686 for the latest information.

ESTATE SALES/CARPORT SALES

Applications for estate or carport sales are available at the Town Hall and are subject to approval by the Town Marshal. A fee of \$25.00 is required for a one or two day sale. One sale per property is allowed annually.

FINANCES

Although the Town does not levy a property tax, it has remained fiscally sound by careful, conservative budgeting. Main sources of revenue are a share of the State sales tax, 3% Town sales tax, 3% use tax, permit fees, State urban revenue sharing (State income tax), gasoline and auto lieu taxes, annual franchise fees from Southwest Gas, cable TV license fees, and interest on investments. Feel free to contact the Town Clerk/Treasurer to review the budget or other Town financial statements at any time during regular business hours. The most recent Town Official Audits and Approved Budgets are posted on this website under Town Clerk/Treasurer.

WILDLIFE

Man-wildlife encounters are inevitable as urban developments expand into neighboring wildlife populations. Because most wildlife species are opportunistic, they seek the best and often easiest source of food, water, and cover. In desert areas these vital components are often limited, and the luxurious growth of vegetation we plant and nurture in our yards is highly desirable.

Homeowners may attract wildlife into their yards for viewing and enjoyment, but the homeowner should also be aware of the trade-offs for such enjoyment. A bird feeder in a yard will certainly attract birds for viewing, but it will also attract javelina, skunks, squirrels and others to the seeds scattered about the ground. These animals generally return as long as food is available. Concentration of bird life may also attract certain hawks which prey naturally on small birds. Flower and vegetable gardens are often highly prized by javelina, skunks, rodents and others. Palatable ornamental shrubbery is seldom passed up by deer during the dry periods. Tall cultivated trees are widely used by congregating hordes of birds. Firewood, neatly stacked near the house, is a virtual sanctuary for snakes, squirrels, rodents and insects. Bug-zappers draw insects which in turn may draw bats and mammals that feed on insects. The cycle of attraction is often endless.

The Town and Arizona Game and Fish Department encourages the enjoyment of wildlife in yards or in the outdoors. By using good judgment, many situations and potential problems can be avoided. As homeowners, we have certain responsibilities in curtailing nuisance wildlife before it gets out of control. The following list of guidelines may help you to understand and alleviate problems with nuisance wildlife:

- Remove any pet food from outside your house after the pet has been fed.
- Secure garbage containers and eliminate garbage odors.
- Cover fruit trees with mesh netting during fruiting season and remove fallen fruit from the ground.
- Remove dead insects from beneath bug-lights.
- Clean up birdseed scattered on ground beneath feeders.
- Fence gardens, flower beds or other similiar attractants. Commercial electric fences are effective in protecting gardens from javelina.
- Trim and clean near ground level any shrubbery that provides hiding cover adjacent to the residence.
- Remove debris and wood piles from near your home.
- Pen domestic birds in cages with wire or other roofs.
- Securely close all entry ways to access beneath trailers or houses.

- Do not approach or handle wildlife that appears friendly.
- Anticipate stress periods for wildlife during dry periods.
- Eliminate ground level water supplies.

If problems persist that are not caused by you, check with your neighbors; maybe they are attracting the animals either unintentionally or for a specific purpose.

We must remember that all of us share the land with wildlife species and conflicts over jurisdiction are bound to occur. As expanding cities encroach into prime wildlife habitat, the problems created by displacement of native animals need to be understood by all of us.
