**Page 4, Q8. Crime prevention and law enforcement services are provided through a contract with Maricopa County Sheriff's Office. How would you rate these services?**

1	I know of no problems, but can't really say.	Sep 22, 2011 6:32 AM
2	Don't have direct experience with Sheriff's officers, but believe our crime rate reflects good service.	Sep 21, 2011 3:58 PM
3	Carefree has been a well-known speed trap for years - this has damaged the town economically	Sep 21, 2011 12:54 PM
4	I've never felt safer anywhere I've lived.	Sep 21, 2011 12:49 PM

5	I have heard of several complaints re: the police force and specifically their traffic enforcement conduct. Personally I have had no problems with police.	Sep 20, 2011 6:53 AM
6	Have not had need for these services. Not visibly aware of presence of any law enforcement in my area.	Sep 20, 2011 6:49 AM
7	Really have no knowledge of the services	Sep 19, 2011 7:00 PM
8	Good on traffic enforcement but I never see them cruising our neighborhood.	Sep 19, 2011 5:59 PM
9	At times too much police presence.	Sep 19, 2011 11:41 AM
10	Have only been resident for a little over one year and have not had an opportunity to experience the service.	Sep 17, 2011 4:04 PM
11	sheriffs office has a track record of being too heavy handed	Sep 17, 2011 4:12 AM
12	Slow response time when called.	Sep 16, 2011 5:22 PM
13	i think speeders have significantly increased because they do not fear being stopped. Rarely if ever is there any attempt to enforce noise ordinance with excessively loud motorcycles. the speed and noise have dramatically and negatively impacted the quiet, peaceful atmosphere that was the reason for moving here	Sep 16, 2011 2:28 PM
14	have never had to deal with them and therefore do not have an opinion	Sep 15, 2011 1:45 PM
15	do not become a speed trap for local deputies who are anxious to write tickets	Sep 14, 2011 7:03 PM
16	During large events, like harolds special engagements, art showings,etc. The police and city officials really come together and take appropriate measures to control large crowds.	Sep 14, 2011 5:30 PM
17	Visibility of Sherrifs dept. acts as deterrent to crime. NEVER feel uncomfortable walking around Town Center at night or down Tom Darlington.	Sep 14, 2011 2:45 PM
18	While our home is located up in the hills, we are always happy to see County Sheriff patrolling regularly. Because we do not live in carefree year-round it's nice when we get stopped by the Sheriff and asked if we live in the area.	Sep 14, 2011 2:09 PM
19	Lack of a real community responsiveness.	Sep 14, 2011 8:54 AM
20	Police presence is obvious	Sep 13, 2011 12:22 PM
21	No experience or involvement, but I imagine it works well for those who have.	Sep 13, 2011 8:25 AM
22	Rate services as poor to fair. MCSO has poor leadership, does not work well with other law enforcement agencies, does not know how to adequately investigate an MVA, sagging morale, mismanagement of funds....there are so many reasons not to use this agency. Need to research the feasibility of contracting with Scottsdale or Phoenix PD.	Sep 12, 2011 2:07 PM
23	No exposure to it.	Sep 10, 2011 4:44 PM
24	The traffic enforcement seems very heavy handed. Recently my husband was	Sep 9, 2011 5:18 PM

	pulled over in his Golf Cart and made to tear the whole thing apart. He was kept along the side of the road for an hour in 110+ degree heat. We had not put a license on the cart and that is why he was pulled over. However, I don't believe that is reason to treat my husband like some criminal. He's a law abiding, tax paying citizen (a dentist for over 25 years).

26	need 24 hour on site protection not just traffic ticket writers	Sep 9, 2011 5:10 PM
27	I really don't know. We just purchased our home in April of this year.	Sep 9, 2011 12:31 PM
28	Do not care for the police cars hiding behind trees, bushes , etc, to catch speeders in the redicously low 25 mph zones.	Sep 9, 2011 11:41 AM
29	no experience other than to say we feel very safe	Sep 9, 2011 7:45 AM
30	We need our own police department. We need full time presence on Tom Darlington for speeding and late night Cave Creek bar crowd. A DUI check point on CC coming into Carefree would deter drunks to drive though our town.	Sep 9, 2011 7:28 AM
31	Do not have enough data to make a judgment	Sep 8, 2011 12:42 PM
32	Response is good when called. However, the deputy that sits in the turn lane on Cave Creek Road just outside of the Lost Acres gate presents a hazard to anyone needing to cross or utilize that turn lane. That turn lane services Lost Acres and El Sendero residents. He needs to find a better location to park for radar.	Sep 8, 2011 12:07 PM
33	Is the "Boss Hog" image of the Sheriff's department is good for us? I'm really not sure what they do besides speed traps and stopping hispanics who are obviously are traveling to or from jobs.	Sep 8, 2011 8:30 AM
34	over zealous traffic enforcement in the past. Appears better now	Sep 7, 2011 5:48 PM
35	I don't like the speed traps even though I've never been ticketed	Sep 7, 2011 4:15 PM
36	No contact with Crime prevention and law enforcement services.	Sep 7, 2011 9:22 AM
37	I don't have an opinion on this. I refuse to read the town newspapers, don't know how else to get info on the subject.	Sep 6, 2011 2:39 PM
38	I have no experience with this.	Sep 6, 2011 2:32 PM
39	victim of a burglary a few years ago-- had all information about perp-- sheriff's office did NOTHING	Sep 6, 2011 12:38 PM
40	I only see Sheriff cars during the day or at special events in the evening. Don't they work at night? Stuff still happens at night.	Sep 6, 2011 9:26 AM
41	I miss the Marshal but understand the economics of the situation. The Marshal was able to handle things the Sheriff's office doesn't. Persistant barking dogs, neighbor disputes. Not sure who does this now.	Sep 5, 2011 9:09 PM
42	i hardly ever see an officer on duty in Carefree. its a joke a standing joke with	Sep 5, 2011 5:57 PM

44	It seems that racial profiling is tolerated under this agreement.	Sep 5, 2011 1:36 PM
45	Thankfully we have not needed the services.	Sep 5, 2011 12:24 PM
46	Never used them.	Sep 5, 2011 10:09 AM
47	Thankfully, have not had a reason to use this service.	Sep 5, 2011 10:08 AM
48	Far better now that they stopped hiding in shrubs and cornering soccer moms and seniors.	Sep 5, 2011 9:34 AM
49	glad the traffic/speeding patrolling has decreased.	Sep 5, 2011 8:36 AM
50	Overly picky on traffic violations such as speed. 25 mph is ridiculous	Sep 5, 2011 8:33 AM
51	No experience with law enforcement yet.	Sep 4, 2011 6:30 PM
52	They seem to go a great job with non urgent matters but the two times during my residency in Carefree I've called about an urgent matter (both on a weekend in the evening) they were in one case unresponsive and in the other, very slow in arriving on the scene.	Sep 4, 2011 5:05 PM
53	I have never had to use them.	Sep 4, 2011 4:49 PM
54	Need more speed limit enforcement along Tom Darlington	Sep 4, 2011 4:45 PM
55	I don't have knowledge of how they are working for us, so I cannot say.	Sep 4, 2011 2:40 PM
56	a town that provides this service without a property tax, UNHEARD OF !	Sep 4, 2011 11:03 AM
57	we haven't had to use them, but find the sheriffs office is present too often enforcing the speed limits	Sep 4, 2011 9:22 AM
58	Not enough coverage of speed control on any of the roads. Every day I see cars exceeding the speed limit by ten or more MPH.	Sep 4, 2011 8:03 AM
59	This is an outstanding relationship and we should work with MCSO to provide whatever improvements we think we need. The Town of Carefree MUST NOT bring in house or take on any task that isn't in its core competence. All that can be outsourced should be. FYI there are many other things that need to be outsourced as well. MCSO is a model to be followed not one to be eliminated.	Sep 3, 2011 5:57 PM
60	I don't really know. I am not aware of any problems.	Sep 3, 2011 5:21 PM
61	Haven't had any personal experience with law enforcement. I like the idea of vacation watch on houses.	Sep 3, 2011 4:26 PM
62	There is very little crime (other than traffic violations).	Sep 3, 2011 3:13 PM
63	Have no real contact with the MCS	Sep 3, 2011 2:28 PM

**Page 4, Q8. Crime prevention and law enforcement services are provided through a contract with Maricopa County Sheriff's Office. How would you rate these services?**

64	the response time is too long	Sep 3, 2011 1:41 PM
65	The Sheriffs serving this town are a little too arrogant and forceful for a community made up primarily of seniors. As infrequent as my encounters are with them, I find them to be unfriendly and aggressive.	Sep 3, 2011 1:41 PM
66	The bulk of their activity seems to be parking in concealed locations to issue over-the-limit citations to cars going downhill. I'd rather see them more often as a visible presence around (moving) Carefree streets to give us a sense of reassurance that we are being protected--from other than cars going faster than 25 mph. Sort of like the old precinct cop-on-the-beat who knew all the folks in the neighborhood.	Sep 3, 2011 11:54 AM
67	Speed control should be enforced at a higher level. (Cameras?)	Sep 3, 2011 11:32 AM
68	MSCO has good and bad attributes. Their presence is @ times overwhelming and in my opinion Carefree has a reputation for too many officers. Some people are staying away from the Town because of their overwhelming presence. This can't be good for the tourist portion of the Towns draw and ultimate spending of the tourists.	Sep 3, 2011 11:08 AM
69	I here that some of the officer+s like to try and intimidate the youth of our community as they walk thru town. I understand trying to keep an eye out for trouble	Sep 3, 2011 10:43 AM
70	hard to know really as how does one gauge if the services are excellent until you have a need for it or have been victimized in some way and had to reach out to law enforcement. I know the presence of Sheriff's is certainly felt at all times. They seem to be on every corner waiting to write tickets! :-)	Sep 3, 2011 9:37 AM
71	don't know never had to use them or heard anything about them one way or the other	Sep 3, 2011 6:38 AM
72	The one time I called for a sheriff, an officer was at my door within 20 min as promised. (non-emergency)	Sep 3, 2011 5:39 AM
73	There have been incidents where the Sheriff's department did not react well	Sep 2, 2011 8:53 PM
74	-Is noise decibel limit still needed? -A 4 lane, divided road thru town & people still think 30 is too much? Tom Darlington, another 4 lane, divided highway is only 35 mph???? Let's LEAP into the 21th century! Maybe these "part-timer," "blue hairs" that don't live here 365, 24/7, need to wake up!	Sep 2, 2011 8:33 PM
75	It was much better before you cut back on our traffic enfocement,They do absolutely no noise surveys al tho we spent lots of money and time giving them meters and traing.We do not have a roaming police presence who is also available to answer emergencies. Its evident that a bank could be robbed and noone was avaiable immediately.With our large lots and sparse police around it is scary	Sep 2, 2011 8:06 PM
76	I do not like people to speed on Tom Darlington but they do	Sep 2, 2011 8:04 PM
77	Not sure	Sep 2, 2011 6:45 PM

	safe in my community.	
79	Three Sherriffs cars are at every "stopping of a car" accident, flat tire, etc. Waste of time and money and staffing. Very grumpy and unfriendly people working at the Sherriffs dept.	Sep 2, 2011 6:18 PM
80	new to area, do not have enough info to comment	Sep 2, 2011 5:17 PM
81	Attitude of MCSO is too abrasive on the average citizen. If you are a criminal fine, but they seem to be looking for ways to get a reaction out of you. Our 50 year old friend who lives over by the Carefree resort was pulled over on his bicycle and was told he could be taken to jail for not having ID. The Radar is just plain over kill	Sep 2, 2011 5:14 PM
82	?? I've never called them... I don't like how there sit waiting for people to go over 25 on Stagecouch Pass	Sep 2, 2011 5:11 PM
83	I'm really not sure but there does not seem to be too much crime in Carefree that I am aware of.	Sep 2, 2011 5:00 PM
84	need to go back to two traffic cars to hold speeding down.	Sep 2, 2011 5:00 PM

2	The fireman are pros; service [esp. emergency] is speedy and competent.	Sep 21, 2011 3:58 PM
3	Increase in sales tax to pay for emergency services has contributed to slow retail sales. Union labor at the fire department is expensive. Good facilites and equipment.	Sep 21, 2011 12:54 PM
4	Don't know as we have not lived here long and have so far had no need of these services.	Sep 21, 2011 12:22 PM

7	Good community involvment, fire house is beautiful	Sep 17, 2011 4:12 AM
8	Never used the service	Sep 16, 2011 5:22 PM
9	Have not had to use these services. They seem to use sirens excessively since we have few major intersections in town, the sirens could be held until they reach Carefree Hgwy on TD	Sep 16, 2011 2:28 PM
10	have never had to deal with them and therefore do not have an opinion	Sep 15, 2011 1:45 PM

26	Do not have enough data to make a judgment	Sep 8, 2011 12:42 PM
27	Have utilized this service several times. The response was quick. However, as a resident of Carefree, we should not receive a bill from Rural Metro. The Carefree Fire Chief was gracious about addressing and correcting the issues. It was Rural Metro's billing department that could not process it out. More than 4 times the Chief had to address the issue which is a waste of his time. We received a notice that is was going to collection, before it was finally closed. It bothers me to think that this could be happening to and elder who is already ill and possibly paying these bills because they don't know better. If Rural Metro is contracted by Carefree then it address issues in a timely matter accurately.	Sep 8, 2011 12:07 PM
28	Not sure what the contract is when they charge you for the services!	Sep 8, 2011 10:33 AM
29	no personal experience	Sep 7, 2011 5:48 PM
30	Carefree should never have built the fancy fire station and engine. The town is not large enough to support it.	Sep 7, 2011 4:15 PM
31	Have had no interaction with them-so, don't know	Sep 7, 2011 1:52 PM

34	son was choking, I called 911, took fire dept. 20 minutes to respond-- neither station could decide whose call it was. Luckily my son was fine, otherwise he would have been dead!	Sep 6, 2011 12:38 PM
35	Never had need for their services, thankfully.	Sep 6, 2011 9:26 AM
36	Luckily, we haven't personally needed this service.	Sep 5, 2011 9:09 PM
37	Responsive	Sep 5, 2011 1:44 PM
38	Again, we have not had use for the service.	Sep 5, 2011 12:24 PM
39	Never used it.	Sep 5, 2011 10:09 AM
40	Thankfully, have not had a reason to use this service.	Sep 5, 2011 10:08 AM
41	Fire service is over priced and will bankrupt the town. How many Carefree fires have they extinguished since Carefree started paying and providing them 5 star accommodations? Far less money could have provided a more comprehensive emergency medical service.	Sep 5, 2011 9:34 AM
42	Once I had a medical emergency and in the other case I had a rattle snake caught in a fence and in both cases Rural Metro was prompt and did a great job.	Sep 4, 2011 5:05 PM
43	I am very pleased that the Town owns the Fire Station and the equipment and that we no longer need to have individual contracts with Rural Metro. This is a great savings for all home owners in Carefree.	Sep 4, 2011 5:05 PM
44	Once again I have never had to use them.	Sep 4, 2011 4:49 PM
45	Fortunately, I have not needed fire or emergency services, nor have I heard anything about them, so I cannot rate those services at this time.	Sep 4, 2011 3:28 PM
46	SAME AS #8	Sep 4, 2011 11:03 AM
47	we have not used them	Sep 4, 2011 9:22 AM
48	I still don't understand why Carefree has to provide a corporation with equipment and (e.g., Fire engine and building) to do their job.	Sep 3, 2011 7:11 PM
49	Again, See #8 above. Don't screw this up. We don't need our own internal Fire Department. We don't need to manage anything that we are not competent to manage. Keep the outsourcing "as is". NO EMPIRE BUILDING PLEASE.	Sep 3, 2011 5:57 PM
50	I have had no experience with these services, so don't really know.	Sep 3, 2011 5:21 PM
51	No personal experience.	Sep 3, 2011 4:26 PM
52	On the two occasions that we needed ambulance services, we found the bills to be very high. Much higher than when we paid for our own fire protection and ambulance service.	Sep 3, 2011 1:41 PM

57	Difficult to rate this service when I haven't used them.	Sep 3, 2011 6:19 AM
58	have never had to use these services	Sep 2, 2011 9:55 PM
59	First Class	Sep 2, 2011 8:53 PM
60	Every one has done a god job with this service,but it is quite expensive when we provide the truck and the station.	Sep 2, 2011 8:06 PM
61	Not sure - but do like the CPR classes	Sep 2, 2011 6:45 PM
62	Past experience with Rural Metro was fast response time. I am pleased to have a firestation within the town of Carefree.	Sep 2, 2011 6:19 PM
63	new to area, do not have enough info to comment	Sep 2, 2011 5:17 PM
64	Way too costly and this horse has been beaten to death. If RM did it with a profit in subscription days for \$800K a year with their own truck and building why are we paying 1.2 and giving them a truck and a building? I had lunch with the RM supervisor and he even admitted Carefree bought a truck that was under powered and not enough clearance to get to many of the homes in Carefree. It's just a lot of poor decision making.	Sep 2, 2011 5:14 PM
65	I've never call them, I think they would be good.	Sep 2, 2011 5:11 PM
66	Seems they are always out on calls as I hear them go by all the time.	Sep 2, 2011 5:00 PM
67	Unfortunatly it is too expensive for the Town. We are eating away over half a million dollars per year to supplement the contract...above the 1 % sales tax.	Sep 2, 2011 5:00 PM
68	Assumption. Fortunately, have not required the use of these services	Sep 2, 2011 11:03 AM
69	too damn expensive	Aug 23, 2011 10:06 AM

	upgrade them, then the weeds all came in. Take a look at Tom Darlington from town to Carefree Hwy.	
3	Normally, I would say good job. However, the resurfacing of Cave Creek Road (Tom Darlington to Pima) went from a nice smooth surface to a bumpy carnival ride and it's shameful. The town should sue for its money back from the hack contractor!	Sep 19, 2011 5:59 PM
4	when will the last electric wires be below the surface?	Sep 17, 2011 9:55 AM
5	General maintenance upkeep is sporadic - very nice in some areas, terrible in others. Street islands, roadsides, are in desperate need of cleaning.	Sep 15, 2011 3:00 PM
6	One of my biggest gripes with the Town of Carefree is NOT HAVING A SINGLE TRASH COLLECTION COMPANY. Not only is it annoying to have several different trash collection trucks going up and down our street several days a week, but the heavy trucks are doing so much damage to our streets. The streets in Carefree Shadows are a mess, with huge cracks. Part of this I believe is due to the number and weight of the garbage trucks on the streets. Part of it is because the "fixups" that have been done over the past few years have merely been BAND-AIDS. The top cover that is then laid on the streets is applied in such a manner that the water runoff paths have been changed. Places in the streets are now either higher or lower than previously, causing water to drain in new and different ways, many of those ways detrimental to our properties. 1) SETTLE ON ONE GARBAGE COLLECTION COMPANY FOR EVERYONE -- I don't care which one, they all provide basically the same services for the same costs. 2) HIRE A COMPANY TO FIX THE ROADS PROPERLY, not a slapdash, cosmetic job that is already eroding less than a year after it has been "fixed." 12	repairs always seem to be of poor quality	Sep 14, 2011 12:16 PM
13	Case in point - streets in our area are "upgraded/maintained" by spraying wide cracks with tar. Short term action rather than spending more \$ to "do it once, and get a long term solution."	Sep 12, 2011 8:11 PM
14	I like the town square and sundial area etc.	Sep 10, 2011 4:44 PM
15	Pump house is an eyesore. There is a better solution!!! Roads are full of "huge" cracks. Connections across roads are settling more and more. Need to find responsible parties and have them pay for properly compacting and filling. If they don't, make sure they do next time with clause in contracts. I understand that money for maintenance is always an issue.	Sep 10, 2011 8:20 AM

17	Some roads seem like they are deteriorating. Brush is creeping into roads in many areas. The dirt and gravel from washes are not always cleaned quickly after major rains.	Sep 8, 2011 2:31 PM
18	Always clean and neat. Bring visitors to the town center for shopping, dining and photos. I have heard from visitors that the plastic flowers in the ponds are really tacky.	Sep 8, 2011 12:07 PM
19	Need to have someone resurface/smooth the poor road surfacing done on Cave Creek Road. Plus talk with Scottsdale about trimming or better removing the small trees along Stage Coach Pass Road that hit cars and make for an unsafe condition.	Sep 8, 2011 10:33 AM
20	Who did the awful paving job on Cave Creek Road?	Sep 7, 2011 5:27 PM
21	It is not necessary for two in a truck to drive through all the streets every morning. If it is necessary to go every day one in the truck is enough. If there is a problem the can call for assistance.	Sep 7, 2011 4:15 PM
22	The center beam on Tom Darlington, should be up dated to native soil and remove the rocks and replant the dead cactus.	Sep 7, 2011 12:08 PM
23	I'd like to see more of the destructive mistletoe trimmed out of our trees.	Sep 6, 2011 2:29 PM
24	Cave Creek Rd is a nightmare! Always under construction-- very slowly. Shouldn't take so long to do any type of roadwork here-- no inclement weather!	Sep 6, 2011 12:38 PM
25	Streets get cleared of rubble following the washes running in a timely manner.	Sep 5, 2011 9:09 PM
26	It could be better. what we need is walking paths in this town. it is very dangerous walking down tom Darlington. tourist and local could use a level path. we all love to walk here a making is safer should be considered.	Sep 5, 2011 5:57 PM
27	Changes are made as necessary and do not seem abusive.	Sep 5, 2011 12:24 PM
28	Drive or walk around. Work on one major artery was shabby, leaving the road surface rough and uneven. Every road project appears to have been undertaken by DIY volunteers.	Sep 5, 2011 9:34 AM
29	For example the stimulus money used to pave Cave Creek Road was a total waste. It is worse than before.	Sep 5, 2011 8:29 AM
30	Need to use street sweepers to clean up /after a storm, not just bulldozers. Get people to trim trees that know how to do so. See AZ Republic article of 8/27 "Sculpted tree can invite damage". They should not be "trimmed" so that they look like sticks. Town center looked beautiful before firing the woman who used to do it. It hasn't looked nice since & all medians look awful. Turning the town center into a cactus garden may improve its current appearance, but too bad the beautiful, shaded, riparian looking garden was destroyed by mismanagement.	Sep 4, 2011 12:08 PM

42	Kudos for the strom clean up they do a great job. I dotn thnik the streets are 1/2 a bad as some say. Try living back east. The water company workers seem to goof off a bit. They are in no hurry, I see them goofing off in Cow Track and they often stop and watch deer for 15 minutes at a time. Agin we had a water company run by 1 old guy and now it takes 3 guys in a truck to dig a hole. By the way thank you for not using the darm deforestor machine any more on the dies of the roads. That thing is terrible and ruins the neighborhood look.	Sep 2, 2011 5:14 PM

Architecture designs and colors that blend with the desert. Also over-building of business space. There are a lot of empty office/business locations. Wish some of the original desert areas had not been bulldozed for projects that are now bankrupt and never completed. I miss those native plant areas and wildlife.	Sep 14, 2011 10:52 PM

1	Considering the state of the water infrastructure when the CWC took over, they are doing a good job.	Sep 21, 2011 3:58 PM
2	The Carefree Water company is the most responsive utility I have ever encountered. They were helpful in getting our account set up and when we had to have a water turn off valve replaced they came right out after I called and turned off the main water supply so that the plumber could fix the valve and then came back the same day and turned on main back on for us once the valve was fixed. I have never had that kind of response from a utility in the 40 plus years I have been a home owner. They are also some of the most friendly staff I have encountered when dealing with utilities. 5	Very expensive	Sep 16, 2011 2:28 PM
6	I would rate them less than poor. I fact I I feel like I am being raped by this company. My water bills have shot up from \$80.00 a month to over \$300.00 a month. I also had a \$800.00 water bill one month when I had a leak due to the water rates getting more expensive the more water a person uses. This is extortion due to the fact I have no other choice. I will vote everyone on the council out every chance I get for giving this water company our city water contract. I can assure you that my general feeling is prevalent in my community. 9	I would like to see Carefree Water Co. implement a water consumption and monitoring system that could alert a customer to sudden spikes in water consumption as well as a somewhat detailed monthly water consumption report. Last year my water consumption shot up because of an undetected leak, cost me a bunch of money, and took the water company several days to come up with a report. I also heard that a local church spent an excess of \$4000 in water fees due to a undetected leak. If the Town is really concerned about water conservation it will implement a service of alerts when a customer's water consumption spikes. As of last year Carefree Water's computer seemed really outdated and clunky.	Sep 14, 2011 8:12 PM

12	The ladies there are friendly.	Sep 14, 2011 3:59 PM
13	Our water is with Cave Creek. Very expensive and got the impression that the Town of Carefree is not jumping at the opportunity to run some laterals, and hook us up. Feed back was it would probably cost us 300K. Seemed artificially high number to make us go away.	Sep 14, 2011 2:45 PM
14	We've had way too many instances recently when we had no water with no explanations.	Sep 14, 2011 1:12 PM
15	Too expensive. Way out of line. I pay +/- \$42 mo. when I don't use a drop of water.	Sep 14, 2011 12:28 PM

17	Have has some interruption in pressure without prior notice even though the outage was planned in advance.	Sep 13, 2011 12:22 PM
18	Long history of poor and essentially dishonest communications, customer service, and second rate management. Combined with lack of transparency with respect to disclosure of their true relationship to the town - nowhere near "arms length."	Sep 12, 2011 8:11 PM
19	Encourage conservation by reducing the standard fee and increasing the cost per 1000 gallons. Startoff with being cost neutral for the average homeowner.	Sep 11, 2011 8:35 PM
20	Would prefer to be connected but we must receive our service from Cave Creek.	Sep 11, 2011 8:22 PM
21	And expensive	Sep 11, 2011 8:42 AM
22	Service is improving. Recommend that Stan get some customer service and interpersonal relationship training. Technically, he is outstanding and we are lucky to have him.	Sep 10, 2011 8:20 AM

45	Except for the outrageous rates, that have more than tripled since we came her 16 years ago.	Sep 4, 2011 8:03 AM
46	This is not terribly well managed and having it managed by Town Council is wrong. We need an independent Board of Directors for this if we intend to keep it in house. Given current issues with water in AZ I would not recommend privatizing this but it does need to be better managed.	Sep 3, 2011 5:57 PM
47	They do not serve our area.	Sep 3, 2011 5:21 PM

63	Our water bill used to be \$40 on the high months when we moved in in the mid 90's now it is just under \$300 for the same usage. Why a non callable bond at 7%? However, that being said the water is always on, great quality and aside from the end staff sort of goofing off the service is good.	Sep 2, 2011 5:14 PM

	hours.	
5	We had a recent water outage in our service area. When we went online to the Town of Cave Creek website to see if it was reported and a fix was in place there was no information. When we called the emergency number we got a real human being, which is wonderful. However, the problem was in place for some time but there was no information going out to the customers on the town's website.	Sep 19, 2011 5:59 PM
6	we also have another property on CC H2O. Astronomically expensive, not dependable with shut downs and dirty water from pipes	Sep 16, 2011 2:28 PM
7	I would rate them less than poor. I fact I I feel like I am being raped by this company. My water bills have shot up from \$80.00 a month to over \$300.00 a month. I also had a \$800.00 water bill one month when I had a lead due to the water rate getting more expensive the more water a person uses. This is extortion due to the fact I have no other choice. I will vote everyone on the council out every chance I get for giving this water company our city water contract. I can assure you that my general feeling is prevalent in my community.	Sep 16, 2011 5:49 AM
8	Too expensive.	Sep 15, 2011 2:49 PM
9	The quality of the water has ruined 3 hot water tanks in 5 years, main pressure valve, soft water system and drip system. Water bills are outrageous. This is the main reason we have put our house on the market.	Sep 15, 2011 10:18 AM
10	too expensive!	Sep 14, 2011 2:13 PM
11	Same as above. I don't fully understand what they do. Is this Liberty Water? Is this wastewater service? Increased fee 45% last year? This is outright criminal. \$65.00 a month? Is someone getting a kickback? Is this a monopoly?	Sep 14, 2011 12:28 PM
12	We were very annoyed when they took over and our monthly bills tripled in order to pay for their mistakes and bad business decisions	Sep 14, 2011 6:05 AM
13	Very expensive for the service. I think way out of line compared to others. Feel we are paying for town's bad decisions. Water pressure has improved.	Sep 13, 2011 4:54 PM
14	bills are high and are the company is using those of us in Carefree to pay for Cave Creek's sewer project. That is taxation without representation.	Sep 13, 2011 8:25 AM
15	costs are very high	Sep 11, 2011 12:30 PM
16	For a time, we were being charged horrific rates. When we complained in person down at the company, our rates suddenly dropped. Personnel behind the desk said it looked like we were using too much water. Our meter was showing unusually high usage and yet we did not feel we were using the amount shown on the meter. We did not make any changes in our usage and yet the next month the meter showed a remarkable drop.....very suspicious.	Sep 9, 2011 5:18 PM
17	It was better before the town of Cave Creek got involved. Many foolish dealings resulting in a sudden water bill increase of three times what it was, without any increase of water usage on our part. Our average bill is now \$75/mo without any watering and no swimming pool.	Sep 9, 2011 12:35 PM

**Page 4, Q14. The Town of Cave Creek Water (Utility) Department mainly services an area west, north and northeast of Black Mountain. If you are connected to the Town of Cave Creek's Water Department how would you rate their services?**

18	Price point is outrageous	Sep 8, 2011 8:18 PM
19	Having overseen a community water facility in Illinois, I am amazed that Cave Creek rarely to never (and your only chance to possibly get a notice is if you have a computer and sign-up) advises their users when there has been a possible system contamination. Several times water was off due to their sewer project and I assume the new Walmart but never is a boil order put out. I guess the EPA standards for the country don't apply to Arizona. Anytime a system has a leak or a break in a pipe line, a 24-hour boil order should go out for possible contaminates in the water.	Sep 8, 2011 12:07 PM

26	High cost, low water pressure. Never call back on service issues.	Sep 5, 2011 1:44 PM
27	Sometimes the water pressure is severely different. Smetimes it smells worse than other times. And sewage often smells horrible too.	Sep 5, 2011 8:33 AM
28	Since the Town of Cave Creek bought the Water Company at a price that was far too high, the water rates for me have increased about 3 fold.	Sep 4, 2011 5:05 PM
29	They did come out promptly when the first water hike was applied.	Sep 4, 2011 4:49 PM
30	Strange odor (sulphur) to the water in the mornings. No ability to pay bill online. Extremely high amount of money required as a deposit and is held until you no longer use their service, a form of extortion in my opinion.	Sep 4, 2011 2:11 PM
31	Occasionally the system is down for repair. The service is overpriced to compensate for the fiscal mismangement of Cave Creek, where water company proceeds are mixed with the town general fund.	Sep 4, 2011 10:20 AM
32	Same comments as above. I live by the town center. I am not quite certain which group I fall into,	Sep 3, 2011 9:54 AM

37	Poor water quality and the system seems to break down periodically.	Sep 2, 2011 5:44 PM
38	expensive	Sep 2, 2011 3:52 PM
39	Town has no business owning a public utility. Water company management is incompetent. Town way overpaid for utility and now faces enormous infrastructure upgrade costs, which must be ultimately borne by the users/customers. Rates are already the highest, or near highest, in the State, and probably in the country. How the voters can keep the people who purchase this water company albatross in office just goes to show how uninformed and incompetent the CC public appears to be.	Sep 2, 2011 11:03 AM

1	Over the past five years I have had excellent support in planning, emergency services, road maintenance, and attendance at town functions of the staff. They are an excellent team that almost was ruined by a few self serving council members!	Sep 11, 2011 8:25 PM
2	VERY pleased	Sep 9, 2011 7:54 PM
3	I wish the town council were as responsive as the town employees.	Sep 8, 2011 11:04 AM
4	Staff appears responsive	Sep 5, 2011 1:47 PM
5	While people have been nice enough it is clear to me that the staff is far too large for a town of our size. It needs to be substantially downsized in conjunction with the outsourcing of all non-critical and service areas that can be outsourced. You can start by eliminating the town administrator and letting the Mayor handle all day to day management responsibilities.	Sep 3, 2011 6:00 PM

3	The new signage is not in character with the Town of Carefree. The money was spent on the "sundial" signs and those are in character. But the new "orange" colored signs do nothing for our town image. I question Mayor's comment that they have lead to more business for the merchants. 7	I personally feel that there is little that our Town can do to attract and/or business. When the economy is sustainable, businesses that are equally sustainable will find their own way in. However, events or activities that draw people to our Town are useful and do have value. That said, it's probably best that we continue to try to do everything that we can (afford) to present a viable business environment. It's just that we shouldn't have a very high expectation for success.	Sep 20, 2011 4:33 PM
8	Solicit, encourage enough businesses to supply most of a person's needs so that we don't have to go out of town as much for services. It's a difficult position. If any incentives are created, they should be to encourage investment that is not funded by tax dollars.	Sep 19, 2011 2:46 PM
9	The driving is horrible. The town was not set up trying to get me killed like it is now. The speed limit of 25 is insane. You are driving and the road ends in several spots so truckers speed up to get ahead of you and run you off the road. I have nearly been killed several times by these people and if I am ever injured I will sue the town of Carefree for setting the roads up. Who wielded so much power to do something like this. I do not think that it is safe to drive in Carefree at all. I now avoid the main roads at all costs. Whoever thought that controlling the traffic in such a ridiculous and unsafe manor should be fired. What were you people thinking. Everything was fine the way it was a few years back. Take your little power trip and go home somewhere else and ruin that town.	Sep 18, 2011 7:01 PM
10	More events in the town center to draw spending to businesses	Sep 17, 2011 4:15 AM
11	Unfortunately, retail space in the town center is cost prohibitive to many businesses, resulting in a large vacancy rate. Also, the sales tax rate is so high, that most shoppers by-pass Carefree and make their purchases elsewhere where the tax is more reasonable. People are not going to pay significantly higher prices just because we have a sundial. Lower the rate and you will attract more shoppers. Please do not add any more signage around the town square. The previous signage located on the miniature sundials was tasteful and in keeping with the sundial theme. The new signage is obnoxious, carnival-like and significantly adds to the visual pollution in the area. Please take them down.	Sep 16, 2011 5:33 PM

decorations and signs colliding in one tiny town, the total impression is an amateurish impulsive mess. How about a long term design layout in one direction, (sample: the original town hall designed by Al Beadle and the new botanical garden?? ) I love the city, but hate what you do to it! Sorry.

14	Carefree was once a destination shopping spot - no longer. Why did we lose that distinction and what can be done to get it back?	Sep 15, 2011 1:48 PM
15	Any retailer that ignores the moribund activity in the downtown carefree district and invests heavily, deserves whatever success or failure that they get. This town has been trying to become "vibrant" for decades. Personally, I like it the way it is. If it were perpetually crowded, we would be complaining about that as well. The sundial signs were a complete waste. You can't see them day or night. The rocky bridge is annoying as are all the "turnabouts". Demand will bring merchants to the town. Government doesn't create demand. I like the idea of lighting the big sundial. I like carefree station and I believe they drive a great deal of traffic to the Spanish Village area. Thanks for considering all opinions.	Sep 15, 2011 8:18 AM

18	Biggest deterrant to our future development is no sidewalks on Tom Darlington and Cave Creek road leading into Cave Creek. Should be a sister community project. Parking/traffic congestion will be relieved and a sense of community heightened as we're able to walk to the restuarants at night. Just couples being out walking will enhance the community feel. Also DUI's possitively impacted and safer roadways, as people will choose to walk. Our tourist will feel safer and will more likely come to walk/shop/eat/drink.	Sep 14, 2011 2:55 PM
19	Keep business development within the town core, not speard along Cave Creek Road (ala the city of Cave Creek) and Tom Darlington. Develop creative ways to attract people to the town core with out the use of gaudy signage. For example, the verticle banners would be more effective along Tom Darlinton (to attract shoppers and diners) than they would be on the gas lamps in the city core. Upgrade the quality of businesses in the town core and help promote the ones we have.	Sep 14, 2011 12:31 PM

25	Signs lack class, marketing appears to be managed by folks with no successful professional experience, decisions not made as a result of cost-benefit analysis. Someone needed with leadership credentials to do some real soul searching, starting with the fundamental "what do we want to be when we grow up" question, determining a) where we are now, b) where we want to be down the road, and c) how we go about getting there. 29	Carefree missed the boat on Walmart and Home Depot. There is a balance and Carefree was way over on one side. That is the lesson learned. Hope we don't repeat it when next opportunity comes along. With the exception of the beautiful town center and the art fairs, Carefree still has the feel and image (from friends) of a tourist trap and all that goes with it. See the town center gardens, and head to Cave Creek or Scottsdale for something to eat and roam the shops. I don't know how you define diverse businesses, but I hope that implicitly means providing visitors and locals products and services that leave them feeling they received great value for the price they paid. As far as incentives go, only use them for businesses that will generate revenue. Carefree needs a vision that centers on how they want to be viewed or perceived by their markets and residents. If there is one, I have not seen it. Right or wrong, Cave Creek and Scottsdale are very clear on theirs. This concept is so basic and fundamental for success.	Sep 10, 2011 8:24 AM

| 36 | The businesses currently in the Town Center do not have much to offer in order to bring in visitors. Even as a resident, there is not much there to give us reason to visit often. Too much time and money is spent on ugly signs and too much faith put into marketing campaigns. While I believe they have some importance, this town has gone overkill. People have no need to visit the town center until we attract businesses that have something to offer.   | Sep 8, 2011 2:37 PM  |
| 37 | The Town and area does not lend itself to a diverse range of businesses. The Town must focus on what is best for the merchants, the residents and those who would visit Carefree as a destination.  | Sep 8, 2011 12:41 PM |
| 38 | Some of the businesses in Carefree are excellent some seem tired. While the wine and are fest's are nice, it doesn't seem to be much of a showcase for the local businesses. Carefree should be a destination for shopping and tourists. With many resort's located close by it has the opportunity for success just not the best direction. When I think of Carefree, I want to relate it to places like Geneva, IL or Long Grove, IL. Little quaint, small town feel, destinations. Cave Creek has the Cowboy thing locked down, Carefree needs to have the cozy, comfy, family eclectic fun to visit atmosphere. Really miss the town concerts with Burle'. Need to plan so events are co-active with Cave Creek events, it will bring more people into the community. If Carefree has to give incentives to business to bring them in and make this happen, I'm sure Carefree will see the benefit far out weights the incentive. The Christmas thing is nice but seems overblown somewhat. | Sep 8, 2011 12:30 PM |

| 40 | Determine where most visitors come from and market in those cities. Noticed at concerts, that in talking to people, they are mostly from Scottsdale or Phoenix. Very few from Carefree. The town businesses seem to be more utilized by outsiders than local folks which is good. We should do more joint activities with Cave Creek. Also noticed that we have not had a car show in years. We need variety as art shows gets to be old and I do not see a lot of buying going on!!! Question is where are the Carefree residents going to shop and why?   | Sep 8, 2011 10:46 AM |

Furthermore, there is no reason the Town with its limited funds should even consider installing and paying the recurring expenses for a in-Town WiFi. It is not the Town Governments place to do this or a benefit to the citizens of Carefree. I think it is critical that the Bashas' shopping area not succumb to this bad economy - more critical than luring yet another seasonal "tourist-trap" type business. town in the first place would help in determining what "diversity" of new businesses is actually desired. I am personally not a big fan of all the signage - to me it's intrusive, and a poor substitute for what the Sundial and the Carefree Gardens are for - to attract those who don't already live in Carefree to the Town Center, and let the businesses who pay for the premium locations be rewarded. If your business is tucked away in a hidden corner - your lease rate should reflect that, and you will need to do more advertising instead.

| 82 | Absolutely against any more commercialism just to raise town revenue. LIVE WITHIN A BUDGET, as the rest of us have to do. People moved her for a peaceful residential feeling. We do not want to have the Town look like Bell Road or downtown Scottsdale. Stop spending money on things that are not necessary.  | Sep 4, 2011 8:07 AM  |
| 83 | cut spending, specifically in useless consultig studies cut the budget to 0 for additional signs - we are inundated. If you would like to one of the most preposterous sign take a right on the interesction of Stevens Road and Rising sun. negotiate a "good neighborhood" agreement with airplane training schools not to do their exercises above our town.   | Sep 3, 2011 7:21 PM  |
| 84 | You need a PLAN!!! Let's get a plan for what we want and then structure the incentives to get property owners to help us get there. This is really a simple process that has languished for far to many years. Bottom line is we must recognize what the town is....a small rural town with little major retail and to expect Nordstroms to build here is unrealistic. There simply isn't a big enough population and whatever plan is developed must be grounded in realism. Again, this isn't rocket science. | Sep 3, 2011 6:04 PM  |
| 85 | NO MORE SIGNS!!!! The Town Center looks like a cheap tourist trap with advertising NOW! NO MORE SIGNS!!!! If the idiots behind the wheel doesn't know the traffic laws...posting them to read while the idiot is behind the wheel is not a good idea and raises the danger level significantly. That being said the only saving safety is the 25 mph....ooohh right..the speed is increasing....time for bumper stickers that say...."pray for me...I drive in Carefree!"                                       | Sep 3, 2011 2:54 PM  |
| 86 | Stop spending money you don't have coming in.   | Sep 3, 2011 2:01 PM  |
| 87 | There is too much signage! The frequent art festivals during the winter are not worth the aggravation. The parking at the post office is not consistently monitored and the detours are a nuisance. Forget about getting to one of the stores for anything.   | Sep 3, 2011 1:47 PM  |
| 88 | please no more signs; there are already too many, more signage won't bring in more business cut the spending so the budget can be balanced  | Sep 3, 2011 1:46 PM  |
| 89 | The signage is an embarrassment. So much clutter and such tackiness is shameful. Incentives might help. However, I doubt they are necessary. If an investor or a business doesn't believe in the town as a wise place to invest, then the incentives are probably unnecessary giveaways. valley. It seems that it requires business activity that is more to the core of any other suburb. There is no longer some special niche, no buses filled with tourists and fewer white legs taking photos. I shop for my general essentials in Scottsdale because except for groceries and simple hardware, for the most part none of the things I need are in our town. Painfully, I think the sales tax reliance is doomed to failure over time.

| 90  | the town of Carefree has way overdone the signage. Starting to look like garish posters on every corner. Looks tacky and unbecoming to the town of Carefree's unique location and reputation.  | Sep 3, 2011 12:55 PM |
| 91  | Improving signage does NOT mean proliferation.   | Sep 3, 2011 11:57 AM |
| 92  | Attract types of businesses that mesh with the attitude of Carefree. Restaurants/cafes, art gallerys, book shops, Southwestern apparel all apply. Signage should continue to be closely regulated.   | Sep 3, 2011 11:40 AM |

| 95  | Implore existing businesses to understand that a quality product is more important than a quantity of advertising. While we want to support the Carefree business community, there are several I would never utilize again. There is no excuse for poor customer service, poor products, or a "wait till tomorrow" attitude.   | Sep 3, 2011 10:30 AM |
| 96  | The core services provided in the Basha's shopping center is Excellent!. Basha's and ACE provide basic needed services, PLUS they are critical to the quality of life. Their customer service cannot be beat and I consider both of them and UPS, key factors in our excellent quality of life here. Having an emergency med clinic is also an enticement to living here in Carefree. Focus on attracting small independent businesses whose reputation for customer service is exceptional, such as the recently opened Cooper's Nutrition! A camera store ( or the digital equivalent ) would be a nice addition, as there is no place in town to process photo's, at least that I'm aware of. Or a dog groomer. Routinely, I have to leave Carefree to go to the drug store (local one doesn't have range of product/ variety or price), camera store, card and office supply stores, dog groomer and dog park. | Sep 3, 2011 9:09 AM  |

| 102 | TOWN BUSINESSES SHOULD BE VERY ACTIVE IN THEIR OWN ADVERTIZEMENT. HOPEFULLY WE WILL GET NEWSPAPERS TO PARTICIPATE AND DISTRIBUTE MORE FRQUENTLY HERE. AS WE KNOW,THE SONORAN NEWS STILL HAS DISDAIN FOR CAREFREE.IF I HAVE ANY INFLUENCE,THAT PAPER WILL NEVER HOST ANOTHER FORUM IN CAREFREE.  | Sep 2, 2011 10:56 PM |
| 103 | Dont have MCSO ticket everybody who drives north or south on Tom Darlington through the main business district of the town...people will stay away from an area they perceive as a "speed trap".  | Sep 2, 2011 9:31 PM  |
| 104 | The Tow Center has an uphill climb... Over the past many years the Town Government" has surrounded the core with Municipal Buildings that "Hide" the beautiful center and "Intimidate" entering the Core!... We have a LARGE Intimidating Fire Station on the West, Post Office/Courts, on the South, the "New" Town Center on the North... Tsk Tsk At least the Fire Station and Town Center land could of and should of been used to promote the "Gateway" to the core... Instead, it says "Halt"   | Sep 2, 2011 9:12 PM  |

| 106 | Give businesses a lower tax rate.   | Sep 2, 2011 8:36 PM  |
| 107 | We need more stores that are a need for the people in Carefree. We don't shop indian things or shops that cater to tourists only. You would see a lot more people shopping in town if we didn't need to go to Scottsdale etc for many things. A bakery that is open only a part of the day, no dry goods store, or other places that cater to the town people and not just tourists and they and us would do much better.   | Sep 2, 2011 8:24 PM  |
| 108 | Signage - the present new ones are very ugly. It they attract business that is great, but long term I hope they can be replaced with something more aesthetic.  | Sep 2, 2011 6:48 PM  |
| 109 | The new business signs along Cave Creek Road in Carefree are horrible. Very unpleasing to the eye.  | Sep 2, 2011 6:46 PM  |
| 110 | Mini-Starbucks, clothing chain stores would be nice. Business signage that is more upscale with the image desired for Carefree would be better than the current signage on TDD and CCR.   | Sep 2, 2011 5:48 PM  |
| 111 | Look, you guys can hang a sign on every tree, put banners on every lamp, exchange lamps for antique looking ones and rename it the gas lamp district, but if there isn't a tangible reason to come to the town people just won't come – or they drive through and take look and keep going to Cave Creek. Every week Cave Creek is bustling and we have 4 people wondering around the whole park. You have 2 issues: 1: what's going to make residents come town center to recreate, it certainly is not tourist shops? Something as small as the playground is a good start - I have a reason to go to town to take the grand kids to play and while we are there etc etc. 2: what's going to make some of the hundreds of thousands of tourists that are in the Valley come up to Carefree for the day, it is not banners and a barrage of clustered signs. should be full but it is a dead zone while Cave Creek gets all the tourist \$. Ask this question, you are in town from back east and looking at a magazine of things to do for a day, why would you choose going to Carefree based on the advertising or how would you even know it exists. Here's an example: Something as silly as enticing an adventure tour company to located in the town core where tourist must meet to kick off a jeep tour, spur cross hike, photography tour would get people staged in the town center for the start and end of the tour, and shopping and eating before and afterwards. Ever seen the stores next to the jeep places in Sedona or Moab? The town is hustling and the restaurants are full . You need to have a valid reason to get peole to want to come. What's here now is not a great tourist pull. Smaller events that keep the town open and attract people are good ways ie car shows. Dine arounds, etc. The art shows and Christmas are good but it is a one time overwhelming type of event. Any way good luck, it's not easy to transform a town and attract vistors.
